Doinita's principles are easy to apply and simple to understand in a world where we are bombarded by complexity. She helps you to put health, wealth and peace at your fingertips.

Doinita has experienced miracles and healing on the path in her own life. Her healing path began in Moldova with her family who cultivated in her a natural healing affinity for plants and the holistic side of life.

This evolved into a healing path with many modalities including Akashic Records, essential oils, the wisdom of plants, crystals, tuning forks and toning, deities, integrating Tibetan, Shamanic, Reiki and pranic healing techniques.

In 2002, she arrived in America with \$100 in her pocket and a feeling of excitement and freedom. That feeling launched a career on the ocean that gave her the space to explore esoteric topics and her physical healing work.

In 2013, she was introduced to Ayahuasca on a trip to Peru. It was a life-changing moment that resulted in her finding her teachers who taught her about the inner heart, the inner journey, and the Akashic records.

People from all walks of life come to her for healing and realignment of body, mind, heart and soul. Astrologers, healers, business people, teenagers and families from all over the world consult with her for partnerships, being at a crossroads, business guidance, relocations, healing trauma, harmony and so much more.
